MREC Newsletter 2010

Anyone who is concerned about his dignity would be well advised to keep away from horses.

-Prince Philip, Duke of Edinburgh

Keep an eye out for our new website. We have tried to come up with a more functional and better looking website for MREC.CA. The format will remain the same for the most part, but a few things are being updated. For instance, the calendar is going to be a month by month instead of one page covering the whole year. All links that are for that month will be on the same page, so no worries in finding the program information that you will need!
