

ARTICLE A519 VACCINATIONS

All horses attending Equestrian Canada sanctioned competitions must have been administered Equine Influenza and Equine Herpes Virus (1&4) vaccinations within 6 months (+21 days grace period) before arrival at the event. No horse shall receive vaccination within 7 days prior to arrival at the event. Horses not in compliance with this rule may be asked to leave the event site at the discretion of Competition Management.

The frequency of vaccine administration should be as recommended by the vaccine manufacturer or veterinarian. It is recommended that vaccines be administered by or under the direction of a veterinarian. Competition management may request supporting documentation confirming a horse's compliance with mandatory vaccination requirements.

In the case of a horse that is unable to receive either of the vaccines, a letter from a veterinarian on official letterhead must be provided with the entry form, stating the horse cannot be vaccinated due to medical concerns. At the discretion of competition management, a log of the horse's temperature prior to arrival at the event site or during the event can be requested.
